### CORRECTIVE ACTIONS:

**1** CA# 190081

Corrective Action: Comply with Rule 1004. Reseed disturbance areas using a seed mixture requested by the surface owner, or a mixture prescribed by the local county NRCS. Establish vegetation with total perennial, non-invasive uniform plant cover of at least eighty (80) percent of reference area levels. Ensure erosion controls are implemented to stabilize the seeded soil. Operator shall continue to monitor and manage this site until the location meets Rule 1004 standards, including stormwater and weed management.

Date: 01/11/2024

Response: FACTUAL REVIEW REQUEST

Basis for Review: Action requested was already completed prior to the inspection

Operator Comment: See attached work request completion reports for seasonal maintenance performed in May, August, and September of 2023. Inspection doc #713900263 performed outside of warm and/or cool growing seasons. Site is routinely mowed and inter-seeded with an approved mix. Land is heavily grazed and hinders reclamation progress and timeline. OXY will continue to monitor and maintain seasonally until site has successfully achieved Rule 1004 requirements.
