COLO. OIL & GAS CONS. COMM.

Gentlemen:

We are enclosing an original and one copy of our application for permit to drill and operate the above referenced well, along with our permit fee check of \$75.00 for your approval of said permit.

The purpose of this letter^{is to} respectfully ask for a special request that you grant such approval by December 13, 1993. MR Davis has the opportunity to utilize a drilling rig now operating within a few miles of his well location. We have made arrangements for this rig to drill our well on its way back to Weld County, some 130 miles to the west. There are no other rigs available to drill our well before December 31, 1993. Should this well not be timely drilled, the result would create an economic problem for MR. Davis by not getting the well drilled this year.

Please call me at (713) 629-9550 in Houston, Texas, should you have any questions.

Thank you

Steve Chamberlain, agent
