Mr. Mark Dean
Ranch Oil

Re: West Fork Unit #20
SW NW Sec 30-3S-55W
Washington County, Colo

Mr. Dean,

We performed the following work on the above lease. This letter should be attached to a Form 4 and forwarded to the Colorado Oil and Gas Commission.

Set a CIBP at 4,800 and dumped 2 sacks of cement.
Loaded the hole.
Cut and pulled pipe.
Spotted 25 sacks at base of surface @ 90'.
Spotted 5 sacks of cement at surface.
Cut the wellhead off 4' down, and welded a plate.
Backfilled the hole.
Levelled the location.

Flow line left at location, still live.

Sincerely,

Dave Rebol
