<p>This is an orphaned well inspection. Inspection completed to document current condition of location, equipment, and wellhead. Inspection may also identify possible task required for final closure/release of location from the Orphaned Well Program. See link at end of report for path to downloadable documents and pictures.</p> <p>The tank battery is located 143' W of the wellhead. The tank battery shares the same Location ID as the wellhead. Wellhead is not fenced. No livestock observed. Wellhead checked with soapy solution, bubbles observed. Access road is clear and accessible.</p>	abramsd	02/19/2024
