Gentlemen:

This is written with reference to the forms filed by you on your No. 3 Sheibley well.

The approved location was 661 feet from the north line and 2002 feet from the east line. The completion report and sundry notice received August 9, 1961, show 330 feet from the north line and 990 feet from the east line. We assume the original location is correct. Please clarify this point.

Very truly yours,
