<p>ECMC Inspection Report Summary                      On Wednesday 2-26-2024 at approximately 1450 hrs. I, Inspector Robbie Revas,                      Conducted an on-site inspection:                      Operator: KP Kauffman                      Location name:                      Location ID # 336149                      Well Name: Firestone A 1                      API # 05-123-09693                      County: Weld                      Weather: Clear                      Location: Wet with some mud                      While there, I observed a Multi-well pad, PR at the time of the inspection. Electric panels                      are shut off.                      During this inspection, I observed the following possible compliance issues:                      606 housekeeping: CA date 3-7-2024.                      See attached photos.                      A follow up site inspection is needed to ensure that the addressed                      Compliance issues comply with ECMC rules.</p>	revasr	02/28/2024
