This well was approved for  
P+A by D.V. Rogers on 2-15-81  
There is no problem with the  
P+A procedure from our view.  
~~Probably~~, the Govt. did not  
give "prior" approval, thus  
the "hang up"

Q-

Jim M - Check  
this to see if it  
was properly  
plugged according to  
our requirements ~~file~~
