Re: Lease #C-19653, Well #1,  
SE NW, Sec. 33, T2N, R56W,  
Morgan County, Colorado.

Gentlement

On March 30, 1981, we received a Well Completion Report, a Sundry Notice for Intent to Abandon, and a Subsequent Report of Abandonment for the referenced well.

The procedure for abandoning the well was not approved and would not have been approved in any case, as additional plugs are needed.

✓ (You are in violation of 30 CFR 221, which states that no well is to be plugged and abandoned without prior approval from this office.)

In view of these circumstances, we will require that you re-enter the hole and place additional plugs in order that a proper and workman-like procedure has been carried through to adequately abandon this well.

Please contact Howard Lamm, phone (303)245-8052 to develop an acceptable procedure for re-entering this well and placing additional plugs.

Your immediate attention to this situation is expected.

Sincerely,

Original Signed - John L. Price
