**Subject: Form 4 Sundry Notice – Final Reclamation
Kerr-McGee Oil & Gas Onshore LP (Operator: 47120)
RIVERBEND 10-12, Location ID: 418845
NWSE-S12-T1N-R67W
Weld County, Colorado**

Dear Mr. Lee:

Ensolum, LLC (Ensolum) is contracted by Kerr McGee Oil & Gas Onshore LP (Kerr-McGee) to complete final reclamation inspections at plugged and abandoned (P&A) well sites located in Weld County, Colorado. The reclamation inspections were conducted in accordance with Colorado Energy & Carbon Management Commission (ECMC) Rule 1004.

The former Riverbend 10-12 well (API: 05-123-32034) was P&A'd on July 10, 2018, as identified in Form 6, Document Number 401726562. On February 8, 2024, Ensolum conducted a final reclamation inspection for the former Riverbend 10-12 well pad and it was determined that the site is compliant with final reclamation requirements per ECMC Rule 1004. The former Riverbend 10-12 well is located on an active pad (Location ID: 418845). The associated tank battery remains active and is located 315 feet west of the P&A'd well. The former Riverbend 10-12 tank battery remains in use servicing Kerr-McGee producing wells: API: 05-123-32024; API: 05-123-32025; API: 05-123-32027; and API: 05-123-32030. Ensolum personnel located the P&A wellhead location using a handheld Trimble DA2 Global Positioning System (GPS) unit and latitude and longitude coordinates obtained from the ECMC online database. A general site location map is included as Figure 1; and the Site Map displaying the location of the reclaimed site on aerial imagery is included as Figure 2. Photographs of the P&A location were taken facing each cardinal direction from the P&A wellhead location. The photographic log is included as Attachment 1.

Based on rule 1004.d, the Riverbend 10-12 has been compacted and stabilized with roadbase on an active facility, a Form 4 Sundry Notice requesting final reclamation status has been prepared for the submittal to the ECMC. This letter will be included as an attachment to the electronic Form 4 submittal.

If you have any questions or need additional information, please do not hesitate to contact us.

Sincerely,

Ensolum, LLC
