**Subject: Form 4 Sundry Notice – Final Reclamation
Kerr-McGee Oil & Gas Onshore LP (Operator: 47120)
TALBOT 7-25, Location ID: 306248
SWNE S25-T1N-R68W
Weld County, Colorado**

Dear Mr. Lee:

Ensolum, LLC (Ensolum) is contracted by Kerr McGee Oil & Gas Onshore LP (Kerr-McGee) to complete final reclamation services at plugged and abandoned (P&A) well sites located in Weld County, Colorado. The reclamation inspections were conducted in accordance with Colorado Energy and Carbon Management Commission (ECMC) Rule 1004.

FINAL RECLAMATION ASSESMENT FINDINGS

The former Talbot 7-25 well (API: 05-123-24297) was P&A'd on November 9, 2023, as identified in Form 6, Document Number 403615523. On February 16, 2024, Ensolum conducted a final reclamation inspection for the former Talbot 7-25 well pad (Location ID: 306248) and it was determined that the site is compliant with final reclamation requirements per ECMC Rule 1004.

During the inspection it was observed that the former Talbot 7-25 well is located within an asphalt plant owned and operated by Asphalt Specialties Co. The associated tank battery was located 0.19-miles northeast of the P&A'd well site, has since been reclaimed and is also located within the asphalt plant undergoing active construction. All associated road base and equipment related to oil and gas activities have been removed from the well location. Ensolum personnel located the P&A wellhead location using a handheld Trimble DA2 Global Positioning System (GPS) unit and latitude and longitude coordinates obtained from the ECMC online database. A general site location map is included as Figure 1; and the Site Map displaying the location of the reclaimed site on aerial imagery is included as Figure 2. Photographs of the P&A location were taken facing each cardinal direction from the P&A wellhead location. The photographic log is included as Attachment 1.

The previous land use for the former Talbot 7-25 well is defined as agricultural per ECMC Document Number 1806810. The land use has changed and is now an asphalt plant owned and operated Asphalt Specialties Co. Based on rule 1004.d, a Form 4 Sundry Notice requesting final reclamation status has been prepared for the submittal to the ECMC. This letter will be included as an attachment to the electronic Form 4 submittal. If you have any questions or need additional information, please do not hesitate to contact us.

Sincerely,

Ensolum, LLC
