<p><b>ECMC Inspection Report Summary</b>                      On Monday, 3/11/2024 at approximately 0845, I, Inspector Adam Burns, conducted an on-site inspection.                      Location: Millage C-64N64W 15NWSE Tank Battery                      Operator: Chevron                      Location ID: 310731                      County: Weld                      While there, I observed a shut in tank battery                      During this inspection the following possible compliance issues were observed:                      Pit capacity labels are faded, and will need to be replaced. Install sign to comply with Rule 605.g. With a Corrective Action date of 4/5/24                      A follow up on this site inspection needs to be conducted to ensure the Compliance issues have been corrected to comply with ECMC rules.                      This is a summary of inspection report.</p> <p>Any corrective actions from previous inspections that have not been addressed are still applicable</p>	burnsa	03/11/2024
