General Comment:

On 2/22/2024 Reclamation Specialist Corey McDonough conducted a Storm water and Reclamation Inspection at Simcoe LLC's Bondad 33-9N33N9W 7SESE location in La Plata County. This is a follow up inspection to inspection doc #714000473

This inspection is being provided as a supplement and update to the original inspection (#714000473), to ensure that the accurate Operator is reflected within the Inspection Report. As this is a shared location between Simcoe LLC and Logos Operating, and any corrective actions identified are being provided to both operators in their own respective Field Inspection Report; Inspection #714000473 is being updated to reflect these changes and will be issued to Logos LLC. It is the ECMCs expectation that both Operators will coordinate with one another to resolve the compliance issue(s).

During the inspection the following compliance issues were observed

- Debris
- Unused Equipment

Refer to the "Good House-keeping" section of this inspection report for additional details.

Refer to the photo-documentation of the observed compliance issues attached to this report.
