<p><b>COGCC Inspection Report Summary</b>                      On Friday 3/29/2024 at approximately 12:15 hours, I, Inspector Tom Peterson, conducted an on-site inspection at the Werning 2-3 API #123-18672 in Weld County, Colorado. While there, I observed that the well had been P&amp;A and backfilled while the wellhead fencing remained on location. During this inspection the following possible compliance issues were observed: Rule 606. with a corrective action date of 4/12/2024. A follow up inspection on this site needs to be conducted to ensure the compliance issues have been corrected to comply with ECMC rules. This is a summary of the inspection report.</p>	petersont	03/29/2024
