Dear Mr. Dome:

As discussed in our telephone conversation this date, you have until August 1, 1991 to plug and abandon or put on production your Concord State A-1 well in SW16-9N-56W, Weld County, Colorado. It is also understood that you will furnish the Commission with a status update in the near future along with copies of logs and detailing the work which has taken place on the well so far.

Your prompt attention to this matter is anticipated. Should you have questions or comments, please don't hesitate to contact me at the above address or phone number.

Sincerely,

A handwritten signature in cursive script that reads "Robert J. Van Sickle".
