CORRECTIVE ACTIONS:

1 CA# 169454

Corrective Action: Comply with Rule 427.b

Date: 02/28/2023

The prior Corrective Action remains in effect and remains out of compliance.

Response: CA COMPLETED

Date of Completion: 02/28/2023

Operator Comment: 2/28/2023: Upland has reduced the speed of the road, adjusted the schedule of water hauling activities to the evening and on non-high wind days, utilizing water trucks to the road as needed, and applied road base, graded, compacted to an additional 1.9 miles of the access road from 6/19-6/27/23. As represented in several FIRR responses and directly in meetings with ECMC, dust mitigation and stormwater management is an ongoing activity due to weather events and winds, Colorado has seen an unprecedented amount of precipitation. The balance of watering and grading is being completed as necessary.

2 CA# 169455

Corrective Action: Comply with Rule 606.d.

Date: 02/10/2023

The prior Corrective Action remains in effect and remains out of compliance.

Response: CA COMPLETED

Date of Completion: 02/10/2023

Operator Comment: 2/10/2023: Upland placed an enclosed dumpster on location - trash being discovered is not a direct result of Upland operations; field personnel are maintaining good housekeeping measures. The access road is utilized by multiple contractors and the landowner. The location and access road is driven and maintained daily, if trash is observed it is picked up and properly disposed of; this area experiences significant winds; trash observed by the inspector is not the result of Upland activities. Operator continues to work with Subcontractors to keep trash properly picked up.
