**General Comment:**

On 4/19/2024, Reclamation Specialist Trujillo conducted an interim reclamation and stormwater at TEP ROCKY MOUNTAIN LLC's Chevron/TR 34-16-597 Location in Garfield County, Colorado.

Location is in High Priority Habitat- Greater Sage Grouse General Habitat Management Area

The following compliance issues were observed during this inspection:

- Tanks missing cap/plug
- Wildlife Protections
- Good Housekeeping

Refer to the "Location", "Reclamation" and "Stormwater" sections of this inspection report for additional details.

Refer to the photo-documentation of the observed compliance issues attached to this report.

Any corrective action(s) from previous inspection that have not been addressed are still applicable.

1003 f. Weeds Noxious weeds? I

Comment The overall status of the reclamation on the Location is "in process": the footprint of the Location has been reduced to areas reasonably needed from production. There appears to have been additional disturbances related to a pipeline on the west end of the Location; areas currently bare and unvegetated; areas appear to have been drill seeded.  
There are areas along the slopes on the north end of the Location where desirable vegetative establishment appears sparse- areas may require additional seeding to ensure Location meets 1003 standards.  
Noxious weeds not apparent at time of inspection.  
Continue to monitor and manage interim areas until site receives a passing final reclamation inspection.
