Gabby/Grace-

Please see COGCC Corey's response below. This one can be closed now. Jerry sent pics of cleaned well head in IKAV inbox already.

Good Morning Matthew,

Sorry for the delayed response. Yes that's absolutely fine, especially since they are stored nicely.

Bests,

Corey

Hello Corey-

IKAV would like to get permission to leave the weights for the pumping unit with the unit on location. These weights are changed out frequently and are needed onsite. The unused weights are stored nicely and safely with the unit. We could place all the weights behind the unit's fencing/guarding as well if that would help?

Thanks,
