Dave Gottenborg  
Fountainhead Resources, Ltd.  
621-17th Street, Suite 1421  
Denver, CO 80293

Dear Mr. Gottenborg:

Enclosed please find plugging reports for the wells that were plugged by Timka. There are four copies for each well sign and mail four copies to the Oil and Gas Conservation Commission. The form states for the original and one copy but I believe that they require a total of four now. I do not have the new forms as yet. Sign all four copies and photo copy one for your records. The cement receipts are attached and are ready to mail after they are signed.

My apology for taking so long but I didn't know that I would be filling out the reports. Next time I will do each well as it is plugged to avoid any problems. If you have any questions regarding the enclosed material please feel free to call.

Sincerely,

Gwen Hall, Secretary  
TIMKA RESOURCES, LTD.
