Zimith Drilling Company
204 Kinney Building
Greeley, Colorado

Gentlemen:

We have your Notice of Intention to Abandon the #1 Wilson well on Sec. 22 in Weld County, Colorado. We are holding up the approval of this because your bond covering this well shows Smith-Wickland as operators. It will be necessary for you to change the name on the bond or your notices so they agree.

We also are in receipt of a second notice of intention to drill, a #1 Alice Nay on Sec. 13 in Weld County, Colorado. Under the Regulations it is necessary for you to furnish a \$2,000 bond to cover this before it can be approved.

We shall appreciate an early reply regarding these two items.

Yours very truly,

LHB

John E. Cronin, Secretary
Colorado Oil & Gas
Conservation Commission
