**General Comment:**

[ECMC Inspection Report Summary](#)  
On Wednesday 5/1/2024, I, Inspector Scott Ramsey, conducted a routine inspection at REU 0681, at Location # 449274 in Jackson county Colorado.  
Any Corrective Actions from previous Inspections that have not been addressed are still applicable.  
While there, I observed normal operations. This location is within or in close proximity to a CPW Density/High Priority Habitat, black bear, NSO habitat, Wildlife black bear Management and Density habitat.  
During this inspection the following possible compliance issues were observed:  
1. Lack of battery signage  
2. Random debris  
3. Chemical containment full of fluid not sufficient to contain possible spill  
  
Refer to photograph of observed compliance issue.  
A follow up on this site inspection will be conducted to ensure the compliance issues have been corrected to comply with COGCC rules.  
This is a summary of inspection report.
