**WELL INFORMATION**

API Number: 001-07077-00 County: ADAMS

Well Name: COLORADO STATE C Well Number: 1

Location: QTRQTR SWSW Sec: 16 Twp: 2S Rng: 64W Meridian: 6

**INACTIVE WELL NOTICE**

- ☒ An oil or gas Well that has been shut-in and has not produced for a period of 12 consecutive months
- ☐ An oil or gas Well that has been temporarily abandoned for a period of 6 consecutive months
- ☐ A Class II UIC Well which has not been utilized for a period of 12 consecutive months
- ☐ A Suspended Operations Well with no activity other than monthly Bradenhead monitoring for more than 24 consecutive months
- ☐ A Waiting on Completion Well with no activity other than monthly Bradenhead monitoring for more than 24 consecutive months

Provide the reason why this Well is Inactive.

Well has been shut in due to the loss of gas sales as a result of the Western Gas Resources Third Creek Gas Gathering System shut down in 6/2018. Western Gas Resources operates the Wattenberg Gas Gathering System in the vicinity of the Colorado State C#1 production facility and could be returned to production if Western Gas Resources would cooperate. To date Western Gas has ignored repeated requests for a gas connection and is unwilling to dialog with Renegade.

Operator's current Financial Assurance Option: \_\_\_\_\_

Commission Order Number for the Operator's most recently approved Financial Assurance Plan: \_\_\_\_\_

Document Number of the Operator's most recently approved Financial Assurance Plan (Form 3): \_\_\_\_\_

Does the Operator's current Financial Assurance Plan require additional or different Financial Assurance for this Well? N/A

**OPERATOR COMMENT AND SUBMITTAL**

I hereby certify all statements made on this form are, to the best of my knowledge at the time of submittal, true, correct, and complete.

Renegade has been attempting to obtain a new gas sales connection to the Western Gas Resources Wattenberg gas gathering system for this previous commercial well. A new Williams pipeline has also been recently activated in the area and connectivity to that pipeline also needs to be explored. A data center is also a possible option for the Colorado State C#1 gas production but new rules adopted by Adams County make permitting very difficult, costly and time consuming.
