Portions of well pad to be reclaimed (indicate on map, drawing or photo): _____

Gravel on well pad

- ☐ Remove/ Reseed
☐ Leave Gravel/ Reseed
☒ Leave Gravel/ NO Reseed

☐ Show location of additional stormwater, erosion control structures to be added on photo, map or drawing

Comments: _____

The COGCC rules require certain actions on the part of Evergreen which cannot be waived by a landowner. Here are some examples of activities Evergreen must perform until COGCC approves final reclamation upon inspection and releases well site from bond:

- Remove all Evergreen oil and gas production equipment from location
- Remove all Evergreen waste material and debris onsite
- Reclaim all pits, cellars, rat holes and other bores
- Remove guy line anchors
- Perform noxious weed control
- Stabilize areas disturbed during operations and reclaim location for erosion control
- Install stormwater management controls on affected location
- Ensure that leaving a road or well pad in place will not result in significant environmental impact

Comments/Other:

Landowner utilizes well pad for storage of equipment/
materials used for personal/business operations
