General Comment:**ECMC Inspection Report Summary**

On Wednesday 5/1/2024, I, Inspector Scott Ramsey, conducted a routine inspection at Hebron 3-12H pad, at Location # 413908 in Jackson county Colorado.

Any Corrective Actions from previous Inspections that have not been addressed are still applicable.

While there, I observed normal operations. This location is within or in close proximity to a CPW Density/High Priority Habitat, black bear, NSO habitat, Wildlife black bear Management and Density habitat.

During this inspection the following possible compliance issues were observed:

1. Chemical containment full of fluid not sufficient to contain possible spill
2. Stored equipment (Counter weights)
3. Well signage lacks information (API)

Refer to photograph of observed compliance issue.

A follow up on this site inspection will be conducted to ensure the compliance issues have been corrected to comply with COGCC rules.

This is a summary of inspection report.
