Plats and Well Permits for Wells:
Firecracker Unit No. 2
Elizabeth W. Graham Unit B No. 1
Section 12, T1N, R68W
Weld County, Colorado

Dear Mr. Rogers:

Attached herewith please find the plats and well permits for Amoco Production Company's proposed Firecracker Unit No. 2 and Elizabeth W. Graham Unit B No. 1 wells. Both of these Sussex-Shannon wells are to be drilled directionally with bottom-hole locations being NW NW and NE NW, Sec. 12, T1N, R68W, respectively.

Amoco has Exeter Rig 25 tentatively in mind for drilling these wells. Directional surveys will be taken periodically during the drilling and upon reaching total depth to indicate the exact bottom-hole location of each well. A copy of these surveys will be sent to the Oil and Gas Conservation Commission upon completion.

If you need any more information regarding the subject wells, please contact Kevin McCord (820-4075) in the Montbello Office.

Yours very truly,

F. H. Dillard
Area Superintendent
