L Remarks:

Dispatched for visible smoke from well pad.
Arrived to find smoke coming from exhaust pipe of machinery.
E66 made contact with RP.
RP said smoke was coming from same area.
Contact was made with Tech from gas company on scene.
Tech confirmed that the equipment was operating properly.
Smoke from exhaust was more visible due to cold weather.
All units cleared.
Response was slowed by narrow snow covered road that had to be used to access well pad.
