General Comments

OGLA	Location Assessment Specialist review complete. Approval of this Form 45 does not relieve the operator from potential follow up enforcement action if the constructed Oil and Gas Location is not in compliance with the permit conditions or ECMC Rules.	06/04/2024
Reclamation Specialist	Approval/Passing of the form 45 acknowledges that the Oil and Gas Conservation Commission has received the notice. Areas detailed on the Form 45 as-built displayed on the COGIS map may not comprise all areas not needed for production operations, therefore requiring interim reclamation. A field inspection will be conducted at a future date to evaluate compliance with interim reclamation requirements.	05/21/2024
