Operator Comment: We are not clear what the issue is here as no wildlife is threatened by anything on site. The location is clean and safe. This document is a response to document # 403810203 in which field inspector Cory McDonough noted: "Wildlife BMP corrective action was for a lube tank secondary containment, not the below mentioned stacks. Please refer to inspection doc #714000740 and attached photos." We are attaching some photos of the lube boxes to show that all is clean and secondary/preventative items are up to date.
