OPERATOR COMMENTS AND SUBMITTAL

Comments

This submittal is to update the GIS file for the off-location flowlines. These flowlines were recently acquired by Chaco Energy; the flowlines had been registered under the previous operator's Flowline System and the some segments did not have an individual Facility ID to be transferred via the Form 9 process; other segments did not have a current GIS file.

I hereby certify that the statements made in this form are, to the best of my knowledge, true, correct and complete.
