Per my conversation, May 1, 2024 (1445 hrs) with Justin DesCombes:

I have accepted the option to have the flowline evacuated, depleted to atmospheric pressure, cut and sealed below grade. This will eliminate the need to disturb fence lines, outdoor arena, horse paddock, drive way, training round and ornamental turf.

Mike,

As discussed over the phone, if you could just respond back and acknowledge that

the flowline will be properly evacuated, depleted to atmospheric pressure, cut and sealed below grade.

Thank you and keep me posted if any issues come up next week as crews move in.

Best,  
-Justin
