Hey Deb,

Hope you're doing well. I was looking at an abandonment verification form (403479269) of these three Smith Energy Running Creek flowlines. I don't think there was ever a pre-abandonment notice for these so can you track down the landowner communication that okayed the abandonment in place? Thanks.

Sure, Steve. Thanks for pointing that out.

James or Kelley, do you have that documentation?

Thanks,
Deb

Hi Steve,

I spoke with Kelley, and although the landowner did receive advance notice and we requested they respond by verifying their preferred flowline abandonment method, that document was not returned to us. Instead, Kelley met with the landowner on location, where that decision was made and conveyed verbally. We have his contact info, if you need further information.

Thanks,
Deb

Deb,

That will work. I'm going to print this conversation, just so there's a paper trail of the landowner's wishes here.
