ECMC Comments

Comment	User	Date
As outlined on COGCC form 19 spill report Doc #403815831 received on 06/06/2024: During facility decommissioning activities at the wellhead, historical impacts were discovered. Lease operators are coached to conduct routine AVO inspections at all oil and gas locations. In order to avoid missing analytical reports, Tasman will be checking the laboratory portal daily and downloading completed lab reports into a template that identifies analytical exceedances and communicating those with Civitas EHS staff immediately.	maclarej	06/14/2024
