Comment:

The estimated TPZ footages on the Form 5 should be revised to 75' FNL & 302' FWL.
This well was immediately shut in after frac and therefore does not have a date of first production, flowback volumes or test data yet.
Another 5A will be submitted when the well is turned on to production.

I hereby certify all statements made in this form are, to the best of my knowledge, true, correct, and complete.
