## Inspection Photos

Location Name: Foster State

Location ID: 081-07821

Remediation Project: 35750

Inspection Date: 6/17/2024

Looking North. There was a buried liner and soil piled on top. It is believed this is a former cuttings area. Soil stored inside this bermed/lined area should be sampled for Table 915-1. The liner MUST be removed and not buried
