Good morning Chris,

Please see the attached PDF report regarding sampling of your water well that we did on 1/3/24, related to Bayswater's nearby Ruby 7-J Pad oil and gas operations.

When we spoke on the phone via your phone number 303-882-6766 on 12/15/23, you provided your current primary mailing address and then requested the report be emailed to you at this email address.

If you could please reply to this email confirming your receipt of the report, it would be greatly appreciated. It will be provided to the state as proof that you received the report.

Let me know if you have any questions.

Thanks,

Dave Castro
