CORRECTIVE ACTIONS:

1 CA# 196132

Corrective Action: Operator shall abide by the reclamation rules to minimize surface disturbances per the 1002e. Date: 06/26/2024

Response: CA COMPLETED Date of Completion: 06/26/2024

Operator Comment: In order to reasonably minimize land disturbances and facilitate future reclamation, Desert Eagle Operating personnel, contractors, and other parties associated with the location have been instructed on Rule 1002.3. and to the extent possible not travel outside of the original access road boundary. The flowline right of way has been traversed for seeding and erosion mitigation, Desert Eagle Operating personnel, contractors, and other parties associated with the location have been instructed on Rule 1002.3. and to the extent possible not travel outside of

the flowline right of way.

ECMC Decision: _____

ECMC
Representative:

OPERATOR COMMENT AND SUBMITTAL

Comment: Desert Eagle Operating (DEO) endeavors to operate in a manner that protects public health, safety, welfare, the environment and wildlife resources by complying with all the rules and regulations of the ECMC. The flowline right of way has traversed for seeding and erosion mitigation, Desert Eagle Operating personnel, contractors, and other parties associated with the location have been instructed on Rule 1002.3. and to the extent possible not travel outside of the roadway. Areas of the location were prepared and seeded; however, sparse germination has been attributed to several factors: lack of rain, lack of topsoil/soil amendments, and remaining areas of heavily compacted soils. DEO is preparing to address these issues with additional soil ripping, applying additional topsoil, and reseeded. The persistent draught is impeding progress. DEO continues to evaluate the identified drill cuttings waste and clean up at the north side of the location and is proceeding with drill cuttings clean up under Form 27

I hereby certify that the statements made in this form are, to the best of my knowledge, true, correct, and complete.
