Facility ID# 231246

Insp # 403831139

The following image shows compliance with ECMC's corrective action issued on 6/20/2024. Utah Gas Corp has removed weeds from the location by hand. UGC's contracted weed sprayer has not visited this location yet, and will spray any remaining houndstongue and bull thistle. The deadman maker at the northeast corner of the well pad was also repaired. The following images demonstrate UGC's compliance with the CA's.

Deadman marker before (6/26/2024)

Deadman marker after (6/26/2024)

Weed removal 7/5/2024

Weeds were placed in the back of the truck and taken to trash bin. Plants were bagged prior to placing them in the trash bin.
