Good morning, it is ok to proceed.  
Please fence off the area you will be working on.  
Our cattle are out there in the summer. And seed the area as we discussed when finished with the work. Please give us an up date when starting and finishing up this project.  
Thank you

Good afternoon Melicio,

Thank you for your time today. As we discussed, we are planning to rig up on the well shown below in the near future to complete this re-entry.

I know you said that you were fine with the work over the phone, but please confirm via email as well.

Thank you!
