Comment:

<p>It was observed in this inspection that this location meets 1004.c.(2) revegetation requirements; vegetation has achieved total perennial, desirable uniform plant cover of at least eighty (80) percent of pre-disturbance or reference area levels. Remaining riser and weed issues observed in previous inspections have been resolved.</p> <p>Signage (posted at the Location's entrance), as well as the Location's perimeter fence remains, and will require removal to receive final passing; fence has not been maintained and is in disrepair along sections.</p> <p>Upon removal of the sign and perimeter fence, submit a new Form 4 "Final Reclamation Complete" notice with photo documentation of removal.</p>
