

# Inspection Photos

API: 055-06012

Operator: OXY USA INC

Inspection Date: 7/9/2024

County: HUERFANO

**COLORADO**

**Energy & Carbon Management  
Commission**

Department of Natural Resources

## Inspection Photos

**Photo 1.** Facing southwest at the location.

## Inspection Photos

**Photo 2.** Facing toward the produced water tank. The secondary berm around the tank is insufficient to contain a spill. Previous corrective action was not completed.

## Inspection Photos

**Photo 8.** The perimeter fence at the west side of the location still remains in disrepair.

## Inspection Photos

**Photo 9.** Standing approximately 125' west of the location along the flowline area is an eroded out culvert where the creek flows. The culvert needs repaired or removed. Previous corrective action was not completed.

## Inspection Photos

**Photo 10.** Facing southeast toward the location. There is a pile of orange cones and fencing at this area that needs to be removed.
