Inspected Facilities									
Facility ID:	241051	Type:	WELL	API Number:	123-08839	Status:	PR	Insp. Status:	RI
Complaint									
Comment:	Complaint #: 403846337 Field Inspector Assigned: Logan Hansen Location ID: #318294 Inspection Document: #713900770 Nature of complaint: Complainant had concerns with excessive invasive weeds growing along the well location pad and access road as well as a dangerous bridge along the access road. The complaint was submitted 06/28/2024. ECMC staff will not be addressing the dangerous bridge as that would be considered a civil matter. During the inspection it was observed by ECMC staff that the access road had been mowed however Scotch thistle and Curly dock were observed still growing along the access road right of way. It was observed as well that Kochia and Curly dock have been left unmanaged across the well location, therefore the Operator shall control and manage all weeds and noxious weeds across the entirety of the location and access road.								
Corrective Action:	Operator will comply with Rule 606 and 1003.f to manage all weeds along the access road and at the well location.							Date:	07/17/2024

Reclamation - Storm Water - Pit

Storm Water:

Loc Erosion BMPs	BMP Maintenance	Lease Road Erosion BMPs	Lease BMP Maintenance	Chemical BMPs	Chemical BMP Maintenance	Comment

Comment: At the time of this inspection, no erosion issues were observed at the location or along the access road.

Operator shall continue to monitor and manage this site for stormwater run on and runoff in a manner that minimizes erosion, transport of sediment offsite, and site degradation until the facility is abandoned and final reclamation is achieved pursuant to Rule 1004.

Corrective Action:

Date:

Pits: ☐ NO SURFACE INDICATION OF PIT
