Corrective Action:

Date: 08/04/2019

Per Rule 906.b., the Operator shall make a supplemental report on Form 19 not more than 10 calendar days after the spill/release is discovered that includes an 8 1/2 x 11 inch topographic map showing the governmental section and location of the spill or an aerial photograph showing the location of the spill; all pertinent information about the spill/release known to the Operator that has not been reported previously; and information relating to the initial mitigation, site investigation, and remediation measures conducted by the Operator. The Supplemental Spill Report for this release is due by August 4, 2019. Additional Supplemental Spill Reports should be submitted as required to document the disposal of impacted material, compliance of remaining site materials with Table 910-1, and root cause analysis/corrective actions for cause of the spill. Further direction will be provided by COGCC upon review of Supplemental Spill Reports.
