Subject: State Reportable Release 24 Hour Notification - PARAGON FARMS 42-25

Good afternoon,

We had a state reportable release today due to fluid daylighting from the subsurface adjacent to the wellhead during well servicing activities. The release has been controlled and clean-up activities are currently in process. A Form 19 Release Report is forthcoming. This release did not threaten Waters of the State, Public Water System, residences or occupied structures, livestock, wildlife, air quality, or publicly-maintained roads.

The following have been notified via specified method below:

- Weld County contacted via electronic mail
- Surface Owner notification in process

The Environmental Release/Incident Report Hotline and Colorado Parks and Wildlife was not contacted as this release did not trigger notification requirements per 912.b.(2)B.

Location Details:

- Wellhead Name: PARAGON FARMS 42-25
- Location: SENE 25 2N 66W
- Latitude/Longitude: 40.111639, -104.717564
- Wellhead ID: 05-123-22431

Please let me know if you have any questions.

Thank you,

Jaron Bartoszek, Environmental Advisor

Zero In™ at oxy.com

Hey all,

Due to some miscommunication this report should say-

We identified a state reportable release following the release of more than 1 barrel of fluid outside of secondary containment. The release occurred during well servicing activities. Clean-up activities are currently in process. This release did not threaten Waters of the State, Public Water System, residences or occupied structures, livestock, wildlife, air quality, or publicly-maintained roads.

Sorry for any confusion this may have caused.

Thank you,

Jaron Bartoszek, Environmental Advisor
