General Comment:**CECMC Inspection Report Summary**

On 07/31/2024 at approximately 12:30 hours, I, Compliance Specialist, Wayne Smelser

Conducted an on-site inspection at TEP ROCKY MOUNTAIN LLC SAVAGE RMV 37-33 Pad.

Location # 335225 in Garfield County Colorado.

Location is within High Priority/Density/Black Bear Habitat areas & in close proximity to NSO Habitat area & Bald Eagle Roost site.

Location is approximately 207 yards from the Colorado River.

While there, I observed normal production operations.

During this inspection the following compliance issues were observed:

1. Signs/Marker - Chemical tank label weathered & some required info is illegible/does not comply with CECMC labeling rules with a CA date of 09/03/2024

2. Equipment - Burner exhaust stacks on separator unit lack bird protection/wildlife hazard with a CA date of 08/11/2024

A follow up on this site inspection needs to be conducted to ensure the compliance issues have been corrected to comply with CECMC rules.

This is a summary of inspection report.
