Re: Disposal Application  
G.A. Henderson #6  
Cedar Creek Field  
Logan County, Colorado

Dear Sir;

This is notice of final approval to convert the G.A. Henderson #6 located NE SW Sec 18 - 9N - 53W as a saltwater disposal well. Verbal approval to proceed with the conversion was given to Earl Donalson upon the successful completion of the mechanical integrity test on 7/10/84.

We have not yet received the forms or necessary documentation confirming this test or tests run on the injection wells in the Sand River Field.

If you have any questions do not hesitate to call.

Very truly yours,

Ed DiMatteo  
Petroleum Engineer
