Comment: Inspection doc #714000186 observed storm water culvert filled with sediment and no longer functioning and required compliance by 10/10/2021. It was observed in this inspection that the culvert remains full of sediment/debris and is no longer functioning. Original CA has not been addressed. Original CA and date remains applicable. No CA date is being provided as this location is out of compliance for the same Rule.

Rutting observed on location and along the access road.

Corrective Action: Comply with rule 1002 Install or repair required BMPs. Continue monitoring and managing storm water and erosion controls to ensure compliance with storm water regulations.

Date: _____

Pits: NO SURFACE INDICATION OF PIT
