**Operator Comments:**

Sundry Notice to change LP and BHP for the Pronghorn K-5 FED #32N-20-06. Updates to Casing & Cement Plan are results of changing the LP and BHP.

There are no wells belonging to another operator within 1500' of the proposed wellbore.

Surface well location did not change therefore the cultural features were not impacted and not updated.

The distance to the completed portion of the nearest well in the same unit on the "Spacing & Formation" tab is measured to the proposed PRONGHORN K-5 FED 32N-20-07 . This distance was measured in 3-dimensional space.

Attached as OTHER, is the anti-collision analysis which factors in three dimensional measurements as well as gyro surveys performed on the offset wellbores. All measurements provided in 3-dimensional space were derived from this analysis.

I hereby certify all statements made in this form are, to the best of my knowledge, true, correct, and complete.
