Comment: This location does not comply with Rule 1004. Previous FIR (doc #708200522) documented debris and non-uniform crop growth throughout the location. It does not appear that any additional reclamation activities have been performed or that debris has been removed from the location. Road base remains throughout the location, which does not appear to have been recontoured or graded to reflect adjacent topography. Refer to attached inspection photos.

Corrective Action:	Comply with Rule 1004. Original corrective action date of 08/23/2023 (when the location was first observed out of compliance) remains.	Date
