General Comment:**ECMC Inspection Report Summary**

On Wednesday 8/28/2024, I, Inspector Scott Ramsey, conducted a routine inspection at Magpie Richfield-Wirik-Fed #1, at Location # 316739 in Routt county Colorado.

Any Corrective Actions from previous Inspections that have not been addressed are still applicable.

While there, I observed normal production operations. This location is within or in close proximity to a CPW Density/High Priority Habitat, black bear, NSO habitat, Wildlife black bear Management and Density habitat.

During this inspection the following possible compliance issues were observed:

1. Well signage lacking information and is faded
2. Battery signage is lacking information
3. Tanks are missing information
4. Random debris
5. Full bucket of some type of fluid at knock out by ECD's

Refer to photograph of observed compliance issue.

A follow up on this site inspection will be conducted to ensure the compliance issues have been corrected to comply with COGCC rules.

This is a summary of inspection report.
