Dear Paul:

We have written you a couple of times regarding the M W Company's #1 Gov't. well located in the  $SE\frac{1}{4}NW\frac{1}{4}$ , Sec. 4, T-1N, R-102W, and the #1 Gov't. well located on Lot 6 in Sec. 4, T-1N, R-102W.

It would appear that both of these wells may have been abandoned; however, we have not received word, if so. Will you please advise the status of these wells, and file plugging records if they have been abandoned?

Incidentally, I note that no production reports have been received on your #7 and #9 wells since January. Perhaps you can straighten us out on this matter.

Your early attention to the above will be greatly appreciated.

Very truly yours,

OIL AND GAS CONSERVATION COMMISSION

William R. Smith, Deputy Director
