Subject: Notification: Hauling of Contaminated Soil at Ilse Dome

To: Neidel - DNR, Kris <[kris.neidel@state.co.us](mailto:kris.neidel@state.co.us)>, Alex Fischer - DNR <[alex.fischer@state.co.us](mailto:alex.fischer@state.co.us)>

Hello Kris and Alex,

I hope that you are doing well. We have a contractor going to move equipment to Ilse Dome on Tuesday and begin work on hauling the visibly contaminated soil out of the large pit on Wednesday (9/11).

I have had multiple conversations with them about the work plan. They anticipate that the first few days of work will be slower as they work through the pit to ensure that equipment is stable everywhere they move. They will be able to work very strategically after that.

I plan to visit the field once they have started work, they will be sending us daily updates of the work and I will send you updates once the work starts as well.

**Becky Podio**
